Strategy   Milestone Project 1
Scope
Structure   Revise NPHFI website
Skeleton
Surface

Strategy

- To update & streamline the NPHFI website
- To encourage greater engagement with the NPHFI
- To provide a smooth interaction with the Bibliography

Scope

- Limited media to work with
- Just NPHFI material
- Focussed on the conferences & bibliography
-

Structure

- Top navigation bar, permanent
  Links across
  is not too deep, try to have
  everything available with **1**
  intuitive click from anywhere
- Footer with some info, contact info
- Content pages:

Home // About // Conference // Biblio // Posters //
* Add as necessary * Contact

Skeleton

consistent format across the
different pages
1/3 - 2/3, big picture/icon on the left.

Home

the tab greyed → out

Home // About // Conference // Biblio // Posters

1/3

Poster for this year's conference

This year's conference
- details
- location
- dates
- QUB or something.

2/3

Contact   Who we are   Special Media

1/6

1/3   2/3

Surface

↗ see if you can get this higher res.
- Rusty icon for IUPHFI
  ↳ dropper the colours from that, then develop a colour scheme from that.
- Be careful with the photo assets, make sure they are free use.
  ↳ with our own assets, some of them are pretty shite / low res. Go to stock photos if they seam a bit shitty.

1st Rahul meeting

Go with c# over c++ if I'm going to pick one
  → almost similar to Java
  ↳ better documentation

o Should abide by the guidelines
- Be cautious about copyright etc.
  ↳ it will be distributed opensource

☐ ☐ ☐

Should be
on the right.

① Nav bar: make sure when you go into
mobile it turns into a (hamburger)

② t, Move you around the page
using the sections

③ Footer / section, with Links etc.
→ Flex-box
→ not able to centre different divs in one row.
